

Diabetes Resources

As you are aware the NHS is currently under immense pressure due to the current COVID-19 pandemic. During this period we are not able to provide our usual service as we need to prioritise to reduce the risk to our patients. In view of this, we unfortunately are unable to offer you an appointment in our diabetes clinic. Should the national position change we will be able to resume our service as normal and you can self-refer back into our service.

General guidelines in Type 1 Diabetes:
