

Friends and Family Test – September 2019

The Friends and Family Test is a short, two question survey that has been introduced across all NHS Trusts in the Country from March 2013.

The survey asks whether you would recommend our services to your friends and family and there are 6 answer responses.

The survey is for patients who have stayed in one of our wards overnight, visited the Emergency Department and Urgent Care Centres at Royal Blackburn Hospital and Burnley General Hospital, Maternity Service users, Community Service users and Outpatient attenders.
